Summary

A dragon skull *fossil* made to rest flat on a desktop

[Art & Design](#) > [Sculptures](#)

Tags: [dragon](#) [fossil](#) [sculpture](#) [skull](#) [geology](#) [paleontology](#)
[remix](#)

A dragon skull model that can serve as a nice desk decoration because who doesn't love dragons. This is a remix from the Dragon Skull model and also uses a free model of a rock.

Only area that may need supports is the eye socket, but you don't have to include them (I didn't and it still came out well). **Upscaling the skull will require supports for that area.**

Enjoy!

If you like this, please check out my other fossil models:
