Tired of losing track of the page you were reading in your super thriller book due to the bookmark falling off?

This product prevents the bookmark from falling into the book and getting hidden.

After you are done reading seamlessly insert your bookmark within the pages of your favourite mystery/thriller novel (any book really), never to lose track of the page you were on.

This model uses no support at all.

*(The printer setup in the software is an Ender 3 v2)
