[fidgetspinner](#) [spinner](#)

A simple print to hold the Apple AirTag and place it into your bag or hang it to your backpack, belt or where you want.

Simple easy and fast!

PRINTING PARAMETERS

Printed in TPU Extruder Flex Medium (Shore A98) Black
2 wall perimeter, 4 bottom and top layers, 20% infill (you can increase to have more rigidity).

Happy printing to all and have a nice summer.

NOTE

I don't have AirTag then I've print the model shared here <https://www.printables.com/it/model/217805-apple-airtag-model> thanks to MediaMan3D
