Summary

This is my combined cup holder for coins and garage opener.

[Hobby & Makers](#) > [Automotive](#)

Tags: [car](#) [coin](#) [coins](#) [cup](#) [garage](#) [holder](#) [opener](#)

The coins can easily drop in the slots. To release them there are two options.

Also my garage opener (for Hörmann doors) can find a place.

This part should fit in the coffee cup holes for many car types like VW, Audi, Seat,...

If you need a smaller one, you can find it as [remix](#).
