updated 20. 2. 2024 | published 20. 2. 2024

## Summary

I wanted to store AirTag in my cars cupholder without it impacting beverages or getting destroyed. Works great for me!

---

This adapter stores the AirTag in the cupholder of a car neatly without it crashing around, impacting the function of the cupholder or getting scratched.

The AirTag just clips in the adapter, no adhesive needed.

Print it with the flat side facing down. (where the silver part of the AirTag comes through)
