Compact key storage

I was inspired by: <https://www.thingiverse.com/thing:2749745>

The key holder and designer for m3 screws and nuts.

The spacers to put between the keys can be found on the link above or custom made easily.

I also pass you the file without the cross of Savoy

Rangement de clefs compacte

Je me suis inspiré de: <https://www.thingiverse.com/thing:2749745>

Le porte-clef et designer pour des vis et écrous m3.

Les «entretoises» à mettre entre les clefs peut être trouvées sur le lien ci-dessus ou fabriquer sur mesure facilement.

Je vous passe aussi le fichier sans la croix de Savoie
