A simple wall mount for a small Remington Hairdryer, with a hole for a hairbrush and a slot for a small comb.

Fixed with 2 screws, although there are 4 holes if you think you need more.

Saves some space in the bathroom and is surprisingly sturdy.

Designed in Fusion 360 with the goal of not needing supports, which worked out well.

Print Settings

Printer:

Artillery Sidewinder X1

Rafts:

No

Supports:

No

Resolution:

0.2

Infill:

20%
