updated 12. 12. 2022 | published 12. 12. 2022

Summary

Last ammo dartfly until some company makes a new ammo type.

[Toys & Games](#) > [Other Toys & Games](#)

Tags: [nerf](#) [butterflyknife](#)

A dartfly that is scaled to a titan rocket.

Requires a printer that is at least a Prusa MK3 in build size. There is also a one piece flapper if one has a super larger printer. (400 x 400 angled at 31 degrees)

Requires additional hardware compared to the normal version.

Hardware-

Superglue

E tape to shim the tube pieces to the pipe

A pipe that corresponds to the base stl, a caliburn plunger (1.5 inches), a sch40 1.5 inch tube or a 32mm/1.25inch OD pipe.

2 3/8 16 thread threaded rods at 13.5 inches

8 3/8 16 nuts

4 velcro strips for the endcaps

This remix is based on

DartFly Foam Dart Butterfly Knife Mk1.1
