Just another Filament holder! I needed a filament holder for most sizes of filament rolls except the 2 KG rolls. I tried printed a couple I found on Thingiverse and they had tolerance issues on my Ender 3. So I designed my own using Design Spark Mechanical and sliced with Simplify 3D.

I used Krazy glue to help secure the parts.

You will need 6 m2 x 8mm bolts and 4 Abec 7 skateboard bearings.

## Print Settings

### Printer Brand:

Crealitiy

### Printer:

Ender 3

## Supports:

Yes

## How I Designed This

Just another Filament holder! I needed a filament holder for most sizes of filament rolls except the 2 KG rolls. I tried printed a couple I found on Thingiverse and they had tolerance issues on my Ender 3. So I designed my own using Design Spark Mechanical and sliced with Simplify 3D.

I used Krazy glue help secure the parts.

You will need 6 m2 x 8mm bolts and 4 Abec 7 skateboard bearings.
