Summary

Very simple and easy to print phone stand. Easy to pack and easy to customize.

[Household](#) > [Office](#)

Super simple phone stand that you can customize simply by changing the amount and the type of infill.

For example (on the photo) :

- 2 bottom layers
- 4 perimeters
- 0 top layer
- 20% honeycomb infill

it doesn't get any simpler.

Happy printing.
