Summary

This is a 3D skull of an elephant. It was requested for 3D printing, but in the end wasn't printed.

This is a 3D skull of an elephant.

It was requested for 3D printing, but in the end wasn't printed.

I presume it has been 3D scanned with MRI, or similar.

The file has holes inside which couldn't be scanned, or doesn't make sense modeling.
