PHOBIUM is an aggressive-looking Blade Plug Designed to be adaptable to any socket size. Files are available as .stl for 1" and 7/8".

This is really meant to be printed in black with a white base or insert, but I'm sure it would look ok in other colours. The Plug portion needs to be printed with supports the Base and Insert do not need any support

it is recommended to print this with at least a 0.1mm layer height

Category: Props
