### Summary

Wire support for Carbon 6 mast

[Hobby & Makers](#) > [Electronics](#)

Tags: [amateurfunk](#) [amateurradio](#) [hamradio](#) [hamradioantenna](#)  
[radioamateur](#) [sotabeams](#) [carbon6](#) [portableantenna](#)

Wire support for vertical (or any other wire) antenna using Sotabeams Carbon 6 portable mast.

Designed for 2.5mm **diameter** wire.

Slides over 2nd from top section with tight fit, no additional hardware needed.

Holes are very similar in diameter, the one that goes to mast section has a little notch.

Donations for new trx are more than welcome [via paypal](#)
