Hi Folks

Another request and here it is, this is based on the Church that was on Okinawa island that was attacked and badly damaged (please see pics)

Scaled to 28mm for gaming, plenty of detail as you can see.

not printed yet but have run it through MeshMixer so is definitely usable (Okinawa Church Ruin MM), will print as soon as I can.

Two versions one that as mentioned put through Meshmixer and the other not.

thanks for looking and if you print please post pictures.

UPDATE

just uploaded the church parts zip file this has the church cut into parts to make printing easier.

just finished printing at 50% size and have posted pics, Printed on an UpPlus2 @ .15 with supports

UPDATE

just uploaded painted pics, base made out of mdf

If you like my designs a small donation is very appreciated
