Spooky season is coming so I decided to make some Halloween Pumpkins. This is the fourth one I decided to put on printables, but there will be more in the near future.

This pumpkin is designed to be used with leaf(for extra cuteness) but I also decided to add all the "top accessories" that i designed for my other pumpkins. If you would like to make your own top hole is 4mm in diameter.

Model files

pumpkin.stl

☐ Supports required for mouth and inside top of pumpkin

leaf.stl

stemv2withleafhole.stl

pumpkinhappyeyesstl.stl

☐ Supports required for mouth and inside top of pumpkin

hatpin.stl

☐ Pin to hold HatWithPinHole in place

stem.stl

☐ This stem does NOT have a hole for leaf

hat.stl

hatwithpinhole.stl

hatcarvedbottom.stl

☐ Hat with carved bottom to better fit pumpkins
