Summary

The thought here is for a candy bowl or knife stand ...you remix it further for your need or use it as it is.

Very print friendly as is, and good base for remix if that's your thing.

I see a tray with this model and Jawbreaker candy in the cavity..well something like that, or perhaps mounted on the wall with a knife / sword.

Or play a prank on your hunter friend and switch out his antlers on the wall for this model ..I see people go WTF ;-)

Get creative !

Let me and others see your creations please :-)

Happy printing !
