This is a remix of [chrisshortys](#) Glock Mag Rack.

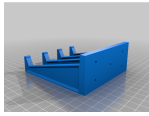

It uses magnets to attach to your safe or gun cabinet. The Magnets can be found on [Amazon](#). These magnets are super strong and will easily hold fully charged mags securely (even though I'm not showing charged mags in the pic... post range day and all).

Fits Glock mags for G43, G19, G23 and similar. Doesn't Fit M&P Shield mags or G20.

Printed with tree supports on baseplate only.

As an Amazon Associate purchases made using my links help support me and my Search and Rescue efforts.
