Summary

This template guide will help you to install a protective screen for iPhone 12 13 14 Pro Max.

[Gadgets](#) > [Portable Devices](#)

This template guide will help you to put a protective screen for iPhone 12 13 14 Pro Max.

For the 12 start at the top with the speaker hole.

For 13 and 14 start at the bottom to perfectly fit the bottom edge.

=> REMOVE the template when the bottom (or top) of the glass is correctly stuck before to continue.
