This model is inspired by a non player character from a private campaign (a sort of very-alt-universe Against the Giants). This Hill Giant's name is Shagra, aka Shagra the Terrible.

NOTE: This model was designed for - and only test-printed on - my 4K SLA printer. I have no idea how well this prints using filament.

The 01 versions of the .obj files were faulty. I apologize for that. The 02 files should be fixed.

(I suck at painting)
