Summary

Its a cookie stamp that stamps a spiral shape onto your cookies.

As the title says, this is a cookie press with a spiral shape, which you can use to press a shape onto your cookies.

This model can of course be any size you want according to your needs, but i would recommend anywhere from 6-8 centimeters.

This is one of my first models on Printables, but please give me feedback, and ask me if there's something on your mind :).
