Summary

This is a two piece steering wheel tray for cellphones. With this you can rest your phone comfortably in front of you....

[Hobby & Makers](#) > [Other Ideas](#)

This is a two piece steering wheel tray for cellphones. With this you can rest your phone comfortably in front of you.

The hook piece attaches to the rear of the trap piece using the pegboard push rivets I designed and uploaded earlier.

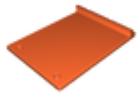

Use plenty of supports on the hook piece.
