A 60mm ran grill with two rats fighting over a piece of cheese. There is also a negative file that can be used to embed the design directly into the case you're printing.

Update Oct. 14 '22: Found an issue with one of the tails and most of the ears being to thin causing it to no print correctly. I've added a v2 which should fix that problem.

Model files

rat-fan-60mm-v2.stl

☐ Updated to fix a thickness issue with tails & ears.

rat-fan-60mm-negative-v2.stl
