## Summary

Coffee Clock

[Household](#) > [Kitchen](#)

Tags: [clock](#) [coffee](#) [decor](#) [wall](#)

I used WildJoker's excellent Standard Clock for the face and resized for my purposes as [shown here](#).

Then added a coffee cup in the center and made a two-color print with a manual filament change, my 3mf file included.

The clock movement was purchased from [Amazon US here](#). I glued the cylinder to the back to hide the movement when viewed from the side, STL file included.

Designed and printed my own clock hands to fit the movement, STL files included.

Filament used; Prusament Galaxy Black, Shiny Silk Gold from MIKA3D.
