This is a bisected version of @NEMO-MK2's wonderful statue of Ranni the Witch. This remix is for the foul tarnished with thermoplastic printers who prefer superglue over using support material.

This version is also scaled down to roughly an inch at the base, for foul tarnished who desire to summon Ranni the Witch into certain table top board games.

Please only give attribution to the original artist.

This remix is based on

Ranni, the witch in eldenring
