## Summary

8.5 x 11 inch magnetic poster hanger.

A version of the magnetic poster frame meant to hang letter size (8.5" x 11") paper, using 6 x 3 mm magnets to hold the halves together.

Tightened up the holes for more of a snug magnet fit since I know the tolerances of my printer. STEP files included to allow easy modification in Fusion or other CAD if you need to adjust the magnet pockets.

### Required Parts
