Death Star Xmas Ornament Stand.

I Decided to make a stand for my death star to test out vase mode.

I used a 1.0mm nozzle at 0.16 resolution.

Nozzle temp = 215C

Bed Temp = 60C

Print speed = 40

I also included a slot in the base if you wanted to connect power for the LEDs.

Printed better than I expected

Print Settings

Printer Brand:

Creality

Printer:

Ender 3

Rafts:

No

Supports:

No
