### Summary

Quick and dirty test tube holder for the containers that I got from Amazon: Kurtzy 25 Pack 100ml Test Tubes.

Hole Diameter is 31 mm for easy removal. Add a strip of double sided tape to avoid slipping.

If you like the model feel free to like or even upload a make for those sweet Prusameters.

Modeled in Autodesk Fusion, if you have some upgrade request simply comment and I will update if there is time.
