Summary

A larger counterweight container for Adafruit heat set insert press.

[Hobby & Makers](#) > [Tools](#)

Tags: [adafruit](#) [heat](#) [heatsetinsert](#) [threadedinsert](#)

My soldering Iron was a bit heavier, so I made a bigger container for the counterweight, and also added a pressfit lid.

I personally used some lead sinkers I had to weigh it down, but depending on what you soldering iron weight other things can be used
