Summary

It holds the sword

[Art & Design](#) > [Other Art & Designs](#)

Tags: [blade](#) [dagger](#) [display](#) [holder](#) [showoff](#) [sword](#)

It is a holder for a KATANA, my friend has two. The middle one is 105mm from the base to the circle. The other two is minuss 40mm therefore 65mm, the other is 125mm.

I used PETG but most polymers are fine.

Infill: 5%

5 is plenty, the sword's weight will hold it down.

Perimeters 3:3:3

I included a STEP file and Fusion360 file as well if you wish to modify.

Model files

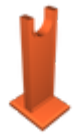

katana_holder.stl

☐ The standard height 105mm, i suggest this.

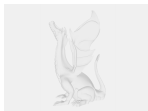

katana_holder-40mm.stl

katana_holder20.stl

katana_holder.f3d
