I created this Halloween Cake Topper to decorate your cake this holiday season.

You have different versions:

- **Topper-Halloween-all-in-one-v2:** To print it in one piece, in multicolor. If Z you use 3 mm at 0.28 layer height: at 2.16 you change to orange and 2.44 you change to white.
- You have also, **all the pieces separated** for later assembly, I never print it and provide it, so let me know if you have any problems.
