### Summary

"Mr. Valve's" head as a Steam Deck stand

I wanted a stand for my Steam Deck but wanted a classic valve theme. So I made a Stand out of Mr. Valves head (although I took "The Rock"s head as a template).

Should be printable on most printers without special settings.

**Note & Credits:** THIS IS (technically) A REMIX!

I originally used and uploaded files to Thingiverse.

Unfortunately, I can not directly add thingiverse sources for a remix so here are the things I used to make this model:

- "Rock2-D2" by [sci-nc](#)
- "Valve Index Valve Knob ++" by [FredMF](#)
- "Steam Deck Console (non official)" by [wallmaster](#)
