Stand for the HP T520 Thin Client. May also fit similar HP Thin Clients, but cannot guarantee (confirmed, does NOT fit T620). Secures with 2 M2.5 x 16mm bolts.

Thanks to [Lars Brockmann](#) for letting me know this part does **NOT** fit the HP T620.

If you were looking for a stand for a **T620**, I finally bought one and adjusted my design for it... <https://www.printables.com/model/386089-stand-for-hp-t620-thin-client>
