

## J1772 Plug Holder with Cord Management for EV chargers,

TwentySix2

[VIEW IN BROWSER](#)

updated 14. 10. 2022 | published 14. 10. 2022

## Summary

Remixed from SCRAT82 design at Thingiverse, mounting plate extended up and down to permit mounting on mortar lines

[Hobby & Makers](#) > [Automotive](#)

We have a PHEV and wanted to have a place to keep the charger cord outside since the car is most often parked in the driveway. SCRAT82 had a great design but the screw centers were too close - we wanted the screws to line up with the mortar lines in the brick, so I stretched the design up and down.
