This LEGO® minifig compatible Pussyhat celebrates the millions that joined the Women's March in Washington, D.C., and around the world on January 21, 2017. "The Pussyhat Project is a movement, not just a moment." Print a Pussyhat and create a Women's March minifig to display as reminder of the fight for women's rights and equality.

There are 2 version of the Pussyhat model, v1 requires supports but is a better fit while v2 requires no supports. Some trial and error and/or post-processing may be needed to get a perfect fit with your printer. Scale the model up or down slightly as needed. Designed in Tinkercad and printed on an Ultimaker 2.
