Summary

Tec Screw secured handle with end cap to hide screw

[Household](#) > [Outdoor & Garden](#)

Tags: [doorknob](#) [handle](#) [screw](#)

I had an outside door that needed a handle secured to box section steel. So a tec screw handle does the trick. Handle prints without supports, photo at .2 layer height for reference, got smaller or sand if you don't like how contoured it is. End cap prints upright with supports.
