This dice used the "Blank Dice" model by Erikjuh mixed with the "marvel Keychains" by Polymathic to create a custom die with the Avenger member's logos. On the dice are the logos for:

Iron Man

Captain America

Thor

Black Widow

Hulk

Avengers

I am not a 3D model maker. I simply took multiple models and combined them to make this dice.

The bottom and top have harder times printing for me but overall they come out nice.

Let me know what you think. Enjoy!
