I have designed this simple Ikea Skadis holder for Knipex and other pliers. The maximum plier dimension is **40mm** and all my Knipex pliers are fitting great.

M2 T-Nut, M2 nuts and **M2 12mm** screws are needed for mounting. The holder uses the great **T-Nuts for Ikea Skadis Pegboards system** from **6d6178**.

There is a flat version which prints easily without support and without brim.

Have fun with it.

For more ikea Skadis add-ons, check out [my other models](#) ;-)
