I got some feedback that the action easy to get stuck, I make a new holder and test it, working better so far. you can download the new file "Alien-InnerJaw-Holder-replacement" to replace the old one. hope it will solve the issue.

This a pen holder remixed from my shark pen holder at:<https://www.printables.com/model/283386-shark-pen-holder>

The inner tongue part inspired me to make it as the inner jaw of "Alien".

Watch the video to get more information:

There is another cute Shark Magnet download free at: <https://www.printables.com/model/272919-shark-magnet>

The pen in the video is unique, it has a 3D-printed spring inside the body, so it can be rotated open without a metal spring. It can be downloaded free at: <https://www.printables.com/model/241852-twist-open-ballpoint-pen-without-spring>

This is another lovely Comper Flower Pen Holder(https://www.youtube.com/watch?v=uEX0pGA_kXs) at: <https://www.cgtrader.com/3d-print-models/gadgets/office/chomper-flower-pen-holder>
