Cute spider on a web in the corner on his print-in-place web. Space for (4) 12mm (1/2") magnets to stick to a metal door frame, or just tape/command strip in place. Mine also stuck to the metal corner beads of unframed openings at my house & office.

I had a bunch of 12mm x 5mm magnets on hand, but versions are included for the more common 10x3, 12x3 and 12x4 mm magnets as well.

Prusa Scale version added to fit on the Prusa Mk3S+ with room to print a skirt.

Samples printed in black Hatchbox PLA (and BambuLab White) on the Bambu Lab X-1 Carbon.

Link to the magnets I used (because I had a bunch):
