### Summary

A simple and strong Ikea Skadis T-Nuts Hook for heavy items

Just a hook that uses the [T-Nuts for Ikea Skadis Pegboards system](#) from [6d6178](#).

For most items I use the [IKEA Skadis simple key hook](#) but for more heavy things I wanted a screwed and more stable hook so I designed this one.

#### What you need:

I made an M2 and M2.5 Version of this hook:

- [M2 T-Nut](#), M2 nuts and **M2 x 12mm**
- [M2.5 T-Nut](#), M2.5 nuts and **M2.5 x 12mm**

The hook prints easily without support.
