### Summary

used the original screw holes for 6x3 mm magnets.

[Household](#) > [Home Decor](#)

Tags: [firehd10](#) [wallmount](#)

There is nothing more to say. I just replaced the screw holes to press magnets (size 6mm x 3mm) in and closed the outer opening. You will need 8 magnets. I taped it to the kitchen cabinet door.

BE SURE YOU HAVE THE RIGHT magnetic polarity !!!!!!!

I had to print it three times because i was not concentrated when putting the magnets in.

This is a remix of loidolt thx.
