If I could trouble you to hit the Like button, I'd really appreciate it.

Flexible for TPU, etc., and Rigid for PETG. This is a pretty snug fit, so PLA might not be a great choice for this.

11/10/2022 - minor accuracy updates

11/10/2022 - added rigid sim access version

11/21/2022 - added integrated stand option for rigid models

12/08/2022 - standalone stand_arm model now has a little more snap to it

12/08/2022 - added slot option for flexible prints for arm assembly insert

12/08/2022 - added "stand_for_flexible" model. Print this and the stand_arm in PLA or PETG, and insert into flexible case with optional slot.
