Skull Mask for halloween!
If you like it --> press like it :-)

Modified this model [Thing files for Skull Mask Remix by Dream3D_UK - Thingiverse](#) that it has smoother surface and no sharp edges, so that it does not hurt at wearing and the headband will not get damaged.

The print is in Prusament PETG Yellow Gold and with the width of 125mm for a 6 year old child. For a 8 year old, i currently print it with 135mm width.

If you are interested in more scary stuff, take a look at my other models like the giant spider, which is printed in vase mode!
