### Summary

Base for the IKEA charger Nordmärke

[Household](#) > [Office](#)

Tags: [charger](#) [ikea](#) [phonecharger](#) [qi](#) [qicharger](#)  
[qiwirelesscharger](#) [wirelesscharger](#)

Had an old Nordmärke Qi charger laying around and wanted to use it but not drill a hole through my desk.

Tolerances on the Nordmärke are a bit uneven from charger to charger so some sanding inside of the base might be required for a perfect fit.

The inside radius of the base is 70mm and my Nordmärke was 69.70mm -70.06 mm so I had to sand a bit to get it to sit flush inside the base.
