Tags: [bicycle](#) [handlebars](#) [lever](#) [reductor](#)

my acquaintance bought lever for $\varnothing 18$ mm handlebars (set with seatpost) from one manufacturer and he cannot find a lever for $\varnothing 32$ mm handlebars from the same manufacturer. he afraid that if he buy lever for $\varnothing 32$ mm handlebars from another manufacturer it will not be compatible wiht his seatpost.

I made him this „enlarging,,

Material ASA/ABS, 100% infill, 4x perimeter, without support
