### Summary

Small stand off for attaching EMT or PVC to your holiday coro props. Like a turtle.

Tags: [coro](#) [led](#) [pixels](#) [ws2811](#)

A quick standoff for using a bolt to attach EMT or PVC to a coro prop. Its sized to be about the size of a nickel to know if will fit on your props. You'll need a 2" 1/4-20 bolt, a 1/4-20 nut (I used a nyloc because its what I had lying around, and a 1/4-20 washer for the face.

.5" EMT hole size .72"

.75" EMT hole size .932"

.5" PVC hole size .85"

#### Updates

11/10/2022

Added models for 1/2" PVC and 3/4" EMT. Also added models w/ a tear drop top to help w/ bridging.
