Summary

this is a remix of a Keyboard Leg for a Lenovo keyboard that I remixed to fit a 25mm wide slot for my keyboard.

this is a remix of a Keyboard Leg for a Lenovo keyboard that I remixed to fit a 25mm wide slot for my (absolutely unknown brand) keyboard. I removed the slope of the original model, cut to required lenght and printed in PETG. I used 2 perimeters and 50% infill just to be sure (I know it's way overkill)

fits perfectly!

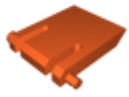

This remix is based on

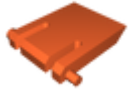

Keyboard Leg - Lenovo 4X30M39466
