[Sports & Outdoor](#) > [Outdoor Sports](#)

This mounting puck is designed after a similar item from the Clam ice fishing company.

I duplicated their original mounting puck as well as re-created one for mounting on a wall stud.

For the hub mount, I would recommend enabling supports as the bottom side has openings for the hubs to rotate.

How I Designed This

This was drawn in OnShape and was based off the original design by Clam for the hub mounting accesories.
