Summary

A nice table for my couch to put the remote and any drinks on. Made fit for my couch, but might fit for other models too

This is a remix of my couch table with an extra slot to put the remote controls in and sections for mobile phone and any drinks. Made fit for my couch, but might fit for other models too.

Print the arm twice and the table once. Attach the table to the arms with some screws or with glue.

Printed on my Prusa MK3S using GcodePrintr App for Android
