[World & Scans](#) > [Animals](#)

This is my take of a remix of the wonderful work of Takman29 and his KUMATY polar bears

The little bears are all grown up and graduated - collect the lot this is part one of the graduation collections

Support needed for the bottom of the scroll and the underside of the mortar board

Why polar bears? Why not?

If you havent printed these then get to it theres a whole collection of them here!
